

# PHYSITECH ELECTRONICS

Manufacturers of Test & Measuring Instruments

Date: 02/06/2019

## MOU

The memorandum of understanding is entered by the between

1. **Physitech Electronics** ,# 6-2-101/6, Padma Plaza, first floor, 101/102, New Bhoiguda, Secunderabad-50000, represented the director G.Narender Reddy here in after called as the first party.
2. Department of Physics and Electronics, R.B.V.R.R. Women's College, Narayanguda, Hyderabad being represented by HoD/Principal/Correspondent/Secretary here in called as second party.

Whereas the second party is a Department in reputed autonomous educational institution which has set goals for its students and introduced project work in Physics practicals for its final year students from 2011-2012 onwards.

Whereas the first party is renowned Electronics Company and has been giving experimental training in Physics/Electronics projects for students of degree and engineering Colleges.

Both the parties interacted with each other and have decided to synergize their strengths for the above mentioned project work.

1. This second party has agreed in principal to send the students to the company to get exposure to do their project work successfully by understanding the basic principles and usage of electronic components.
2. Whereas first party has agreed to provide all required components and equipment required for the project work in their laboratories.
