

Estd. 1954

**RBVRR Women's College, Hyderabad**  
**Department of Mathematics and Statistics**  
**GANANA Club**

### **Aim of the club**

To foster interest, enhance skills, and build confidence in math and stats beyond the classroom by making it fun, relevant, and collaborative, through activities like problem-solving, competitions, workshops, and connecting concepts to real-world careers and applications, developing logical thinking, creativity, and teamwork.

### **Objectives of the club**

**Enrichment:** To ignite a passion for Mathematics and Statistics through exploration beyond the standard curriculum.

**Skill Development:** To sharpen critical thinking, creativity, and collaborative problem-solving.

**Application:** To demonstrate the real-world relevance of math and Stats through workshops, guest lectures, and hands-on projects.

**Community:** To provide a supportive environment that builds student confidence and peer networking.

"Through a dynamic mix of competitions, technical talks, and collaborative research, the mathematics and statistics club transforms abstract formulas into tangible skills. We provide degree students with the tools to think critically and creatively, ensuring they graduate with a deep appreciation for the beauty and utility of mathematics in the modern world."

### **CLUB ACTIVITIES**
